Northstar Services – Employee Handbook

People Operations Guide | Edition 2026

Purpose

This fictional sample document was created for testing a multi-PDF Retrieval-Augmented Generation (RAG) application. It contains sample workplace information, not real company policy.

1. Getting Started

New employees should complete payroll, emergency-contact and IT-access forms during their first week.

Employees should read the company policies and contact People Operations if a policy is unclear.

2. Benefits & Leave Summary

The employee benefits summary describes the standard annual-leave allowance as 20 days per calendar year for full-time employees.

Managers are responsible for reviewing leave requests and ensuring that team coverage is maintained.

3. Remote and Hybrid Work

Most office-based employees work in a hybrid arrangement. The usual team pattern is three days at the office and two days remotely each week, where the role permits.

Some teams may set a different attendance pattern. The employee's manager should communicate the team's agreed schedule.

4. Working Hours

Standard office hours are 9:00 a.m. to 5:30 p.m., Monday to Friday, with a lunch break. Individual teams may agree different schedules with their managers.

5. Where to Get Help

Questions about leave balances, payroll or employee records should be sent to People Operations. Questions about day-to-day schedules should first be discussed with the line manager.

End of document.
